

Form 1040-ES (NR)

U.S. Estimated Tax for Nonresident Alien Individuals

Purpose of This Package

If you are a nonresident alien, use this package to figure and pay your estimated tax. If you are not required to make estimated tax payments for 2011, you can discard this package.

Estimated tax is the method used to pay tax on income that is not subject to withholding. See the 2010 Instructions for Form 1040NR, U.S. Nonresident Alien Income Tax Return, or Form 1040NR-EZ, U.S. Income Tax Return for Certain Nonresident Aliens With No Dependents, for details on income that is taxable.

Estimated tax for an estate or trust. If you are using this package to figure and pay estimated tax for a nonresident alien estate or trust, use the 2010 Form 1040NR as a guide in figuring the estate's or trust's 2011 estimated tax. You also may find it helpful to refer to the 2011 Form 1041-ES.

Change of address. If your address has changed, file Form 8822, Change of Address, to update your record.

Who Must Make Estimated Tax Payments

General Rule

In most cases, you must pay estimated tax for 2011 if both of the following apply.

1. You expect to owe at least \$1,000 in tax for 2011, after subtracting your withholding and refundable credits.
2. You expect your withholding and refundable credits to be less than the smaller of:
 - a. 90% of the tax to be shown on your 2011 tax return, or
 - b. 100% of the tax shown on your 2010 tax return. Your 2010 tax return must cover all 12 months.

Note. These percentages may be different if you are a farmer, fisherman, or higher income taxpayer. See *Special Rules* below.

Special Rules

There are special rules for farmers, fishermen, certain household employers, and certain higher income taxpayers.

Farmers and fishermen. If at least two-thirds of your gross income for 2010 or 2011 is from farming or fishing, substitute 66⅔% for 90% in (2a) under *General Rule* above.

Household employers. When estimating the tax on your 2011 tax return, include your household

employment taxes if either of the following applies.

- You will have federal income tax withheld from wages, pensions, annuities, or other income effectively connected with a U.S. trade or business.
- You would be required to make estimated tax payments to avoid a penalty even if you did not include household employment taxes when figuring your estimated tax.

Higher income taxpayers. If your adjusted gross income (AGI) for 2010 was more than \$150,000 (\$75,000 if your filing status for 2011 is married filing separately), substitute 110% for 100% in (2b) under *General Rule*, earlier. This rule does not apply to farmers or fishermen.

Married filing separately. Your filing status is married filing separately if you will check filing status box 3, 4, or 5 on your 2011 Form 1040NR or filing status box 2 on your 2011 Form 1040NR-EZ.

Increase Your Withholding

If you also receive salaries and wages, you may be able to avoid having to make estimated tax payments on your other income by asking your employer to take more tax out of your earnings. To do this, file a new Form W-4, Employee's Withholding Allowance Certificate, with your employer.

What's New

Use your 2010 tax return as a guide in figuring your 2011 estimated tax, but be sure to consider the following.

Recent legislation (Tax Relief, Unemployment Insurance Reauthorization, and Job Creation Act of 2010) extended many of the tax provisions that were set to expire in 2010. This section lists only those provisions that were changed in addition to being extended, as well as those that were not extended. Also listed are tax benefits with adjustments for inflation. For more information, see IRS.gov.

Income limits for excluding education savings bond interest increased. In order to exclude interest, your modified adjusted gross income (MAGI) must be less than \$86,100 (\$136,650 if a qualifying widow(er)).

Qualified charitable distribution (QCD). Tax-free treatment of distributions from traditional and Roth IRAs for charitable purposes has been extended through December 31, 2011, with the following special rule. For QCDs made during January 2011, you can elect to have the distribution deemed to have been made on December 31, 2010. If you make this election, the QCD will count toward your 2010 exclusion limit of \$100,000, as well as your 2010 minimum required distribution.

Standard mileage rate. The rate for business use of your vehicle is increased to 51 cents per mile. The rate for use of your vehicle to move is increased to 19 cents per mile. The rate of 14 cents per mile for charitable use is unchanged.

Personal exemption increased. For tax years beginning in 2011, the personal exemption amount is increased to \$3,700.

Alternative minimum tax (AMT) exemption amount increased. The AMT exemption is increased to \$48,450 (\$74,450 if a qualifying widow(er); \$37,225 if married filing separately).

Retirement savings contribution credit income limits increased. In order to claim this credit, your AGI must be less than \$28,250.

Nonbusiness energy property credit. This credit has been extended for 1 year with a reduced rate of 10%. Amounts provided by subsidized federal, state, or local energy financing do not qualify for the credit. The energy-efficiency standards for qualified natural gas, propane, or oil furnaces, or hot water boilers have been increased. For 2011, the credit is limited as follows.

- A total combined credit limit of \$500 for all tax years after 2005 (Form 5695, Part I).
- A combined credit limit of \$200 for windows for all tax years after 2005.

- A maximum credit for residential energy property costs of \$50 for any advanced main air circulating fan; \$150 for any qualified natural gas, propane, or oil furnace or hot water boiler; and \$300 for any item of energy-efficient building property.

Adoption credit or exclusion. The maximum adoption credit or exclusion for employer-provided adoption benefits has increased to \$13,360. In order to claim either the credit or exclusion, your AGI must be less than \$225,210.

Temporary decrease in employee's share of payroll tax. Social security tax will be withheld from an employee's wages at the rate of 4.2% (down from 6.2%) up to the social security wage limit of \$106,800. There will be no change to Medicare withholding.

The same reduction applies to net earnings from self-employment—the temporary rate will be 10.4% (down from 12.4%) up to the social security wage limit of \$106,800. The method of figuring "one-half of self-employment tax" for adjusted gross income will change slightly, and a worksheet is provided (see line 1 instructions).

Increase in additional tax on certain distributions not used for qualified medical expenses. The tax on distributions from health savings accounts (HSAs) and Archer MSAs made after December 31, 2010, that are not used for qualified medical expenses is increased to 20%.

Health coverage tax credit (HCTC). Beginning after February 12, 2011, the credit has decreased to 65% (from 80%) for amounts paid for qualified health insurance coverage for you, your spouse, and other qualifying family members.

Self-employment tax. Line 11 has been added to the Estimated Tax Worksheet for your self-employment tax.

Reminders

Roth IRAs. If you rolled over or converted part or all of another retirement plan to a Roth IRA in 2010, or made an in-plan rollover to a designated Roth account after September 27, 2010, and did not elect to include the resulting taxable amount in income for 2010, you must report half of that taxable amount on your 2011 return and the other half on your 2012 return. See the instructions for Form 8606 for more information.

Self-employment tax. Be sure to deduct one-half of your self-employment tax in figuring your AGI.

Expiring Tax Benefits

The following benefits are scheduled to expire or have been repealed and will not be available for 2011.

- Self-employed health insurance deduction when figuring self-employment tax.
- Computer technology and equipment allowed as qualified higher education

expenses for qualified tuition programs (section 529 plans).

- Exemption from alternative minimum tax treatment for certain tax-exempt bonds.

How To Figure Your Estimated Tax

You will need:

- The 2011 Estimated Tax Worksheet on page 6.
- The *Instructions for the 2011 Estimated Tax Worksheet* on pages 3 and 4.
- The 2011 Tax Rate Schedules on page 4 for your filing status.*
- Your 2010 tax return and instructions to use as a guide to figuring your income, deductions, and credits (but be sure to consider the items listed under *What's New* that begins on page 1).

* If you are married, you generally must use Tax Rate Schedule Y. For exceptions, see Pub. 519, U.S. Tax Guide for Aliens, chapter 5.

Matching estimated tax payments to income. If you receive your income unevenly throughout the year (for example, because you operate your business on a seasonal basis or you have a large capital gain late in the year), you may be able to lower or eliminate the amount of your required estimated tax payment for one or more periods by using the annualized income installment method. See chapter 2 of Pub. 505 for details.

Changing your estimated tax. To amend or correct your estimated tax, see *How To Amend Estimated Tax Payments* on page 3.

You cannot make joint estimated tax payments if you or your spouse is a nonresident alien, you are separated under a decree of divorce or separate maintenance, or you and your spouse have different tax years.

Payment Due Dates

If you have wages subject to U.S. income tax withholding, you can pay all of your estimated tax by April 18, 2011, or in four equal amounts by the dates shown below.

1st payment	Apr. 18, 2011
2nd payment	Jun. 15, 2011
3rd payment	Sep. 15, 2011
4th payment	Jan. 17, 2012*

* You do not have to make the payment due January 17, 2012, if you file your 2011 Form 1040NR or 1040NR-EZ by January 31, 2012, and pay the entire balance due with your return.

If you do not have wages subject to U.S. income tax withholding, you can pay all of your estimated tax by June 15, 2011, or you can pay it in three installments. If you pay the tax in three installments, 1/2 is due by June 15, 2011, 1/4 is due by September 15, 2011, and 1/4 is due by January 17, 2012.

We do not send notices reminding you to make your estimated tax payments. You must make each payment by the due date.

If you mail your payment in the United States and it is postmarked by the due date, the date of the U.S. postmark is considered the date of the payment. If your payments are late or you did not pay enough, you may be charged a penalty for underpaying your tax. See *When a Penalty Is Applied* on page 3.

If you want, you can make more than four estimated tax payments. To do so, make a copy of one of your unused estimated tax payment vouchers, fill it in, and mail it with your payment. If you make more than four payments, to avoid a penalty make sure the total of the amounts you pay during a payment period is at least as much as the amount required to be paid by the due date for that period. For other payment methods, see Pay Electronically on page 3.

No income subject to estimated tax during first payment period. If, after March 31, 2011, you have a large change in income, deductions, additional taxes, or credits that requires you to start making estimated tax payments, you should figure the amount of your estimated tax payments by using the annualized income installment method, explained in chapter 2 of Pub. 505. If you use the annualized income installment method, file Form 2210, Underpayment of Estimated Tax by Individuals, Estates, and Trusts, including Schedule AI, with your 2011 tax return even if no penalty is owed.

Farmers and fishermen. If at least two-thirds of your gross income for 2010 or 2011 is from farming or fishing, you can do one of the following.

- Pay all of your estimated tax by January 17, 2012.
- File your 2011 Form 1040NR by March 1, 2012, and pay the total tax due. In this case, 2011 estimated tax payments are not required to avoid a penalty.

Fiscal year taxpayers. You are on a fiscal year if your 12-month tax period ends on any day except December 31. Due dates for fiscal year taxpayers are the 15th day of the 4th (if applicable), 6th, and 9th months of your current fiscal year and the 1st month of the following fiscal year. If any payment date falls on a Saturday, Sunday, or legal holiday, use the next business day.

Name Change

If you changed your name because of marriage, divorce, etc., and you made estimated tax payments using your former name, attach a statement to the front of your 2011 income tax return. On the statement, show all of the estimated tax payments you made for 2011 and the name and identifying number under which you made the payments.

If your identifying number is a social security number, be sure to report the

change to your local Social Security Administration office before filing your 2011 tax return. This prevents delays in processing your return and issuing refunds. It also safeguards your future social security benefits. For more details, call the Social Security Administration at 1-800-772-1213 (TTY/TDD 1-800-325-0778).

If your identifying number is an IRS-issued individual taxpayer identification number (ITIN), you do not need to contact the Social Security Administration.

How To Amend Estimated Tax Payments

To change or amend your estimated tax payments, refigure your total estimated tax payments due (line 19a of the worksheet on page 6). Then, to figure the payment due for each remaining payment period, see *Amended estimated tax* under *Regular Installment Method* in chapter 2 of Pub. 505. If an estimated tax payment for a previous period is less than one-fourth of your amended estimated tax, you may owe a penalty when you file your return.

When a Penalty Is Applied

In some cases, you may owe a penalty when you file your return. The penalty is imposed on each underpayment for the number of days it remains unpaid. A penalty may be applied if you did not pay enough estimated tax for the year or you did not make the payments on time or in the required amount. A penalty may apply even if you have an overpayment on your tax return.

The penalty may be waived under certain conditions. See chapter 4 of Pub. 505 for details.

How To Pay Estimated Tax

Pay by Check or Money Order Using the Estimated Tax Payment Voucher

There is a separate estimated tax payment voucher for each due date. The due date is shown in the upper right corner. Complete and send in the voucher only if you are making a payment by check or money order.

To complete the voucher, do the following.

- Print or type your name, address, and social security number (SSN) in the space provided on the estimated tax payment voucher. If you do not have and are not eligible to obtain an SSN, enter your IRS-issued individual taxpayer identification number (ITIN). To apply for an ITIN, use Form W-7, Application for IRS Individual Taxpayer Identification Number. For additional information go to IRS.gov and enter "ITIN" in the keyword search box. If you are filing the return for a trust or estate, enter the EIN of the trust or estate.

- Enter in the box provided on the estimated tax payment voucher only the amount you are sending in by check or money order. When making payments of estimated tax, be sure to take into account any 2010 overpayment that you choose to credit against your 2011 tax, but do not include the overpayment amount in this box.
- Make your check or money order payable to the "United States Treasury." Do not send cash. To help process your payment accurately, enter the amount on the right side of the check like this: \$ XXX.XX. Do not use dashes or lines (for example, do not enter "\$ XXX-" or "\$ XXX ^{xx}/₁₀₀").
- Enter "2011 Form 1040-ES (NR)" and your identifying number (SSN, ITIN, or EIN) on your check or money order.
- Enclose, but do not staple or attach, your payment with the estimated tax payment voucher.
- Mail your estimated tax payment voucher to the following address.

Internal Revenue Service
P.O. Box 1300
Charlotte, NC 28201-1300 USA

Also, note that only the U.S. Postal Service can deliver to P.O. boxes.

Pay Electronically

Paying electronically helps to ensure timely receipt of your estimated tax payment. You can pay electronically using the following payment options.

- Electronic Federal Tax Payment System (EFTPS).
- Credit or debit card.

For information on paying your taxes electronically, go to www.irs.gov/e-pay.

Instructions for the 2011 Estimated Tax Worksheet

Line 1. Adjusted gross income. Use your 2010 tax return and instructions as a guide to figuring the AGI you expect in 2011 (but be sure to consider the items listed under *What's New* that begins on page 1). For more details on figuring your AGI, see *Expected AGI—Line 1* in chapter 2 of Pub. 505.

If you are self-employed, be sure to take into account the deduction for your self-employment tax (2010 Form 1040NR, line 27). However, this deduction is figured differently for 2011.

Use the worksheet on page 5 to figure the amount to subtract when figuring your expected AGI. This worksheet also will give you the amount to enter on line 11 of your estimated tax worksheet.

Line 9. Credits. See the 2010 Form 1040NR, lines 45 through 50, and the related instructions for the types of credits allowed.

Line 11. Self-employment tax. Enter your self-employment tax on line 11. When estimating your 2011 net earnings from self-employment, be sure to use only

92.35% (.9235) of your total net profit from self-employment.

Line 12. Other taxes. Use the instructions for the 2010 Form 1040NR to determine if you expect to owe, for 2011, any of the taxes that would have been entered on your 2010 Form 1040NR, lines 56 (additional tax on distributions only) and 58, and any write-ins on line 59. On line 12, enter the total of those taxes, subject to the following two exceptions.

Exception 1. Include household employment taxes from box a of Form 1040NR, line 58, on this line only if:

- You will have federal income tax withheld from wages, pensions, annuities, or other income effectively connected with a U.S. trade or business, or
- You would be required to make estimated tax payments (to avoid a penalty) even if you did not include household employment taxes when figuring your estimated tax.

If you meet one or both of the above, include in the amount on line 12 the total of your household employment taxes.

Exception 2. Of the amounts for other taxes that may be entered on Form 1040NR, line 59, do not include on line 12: recapture of a federal mortgage subsidy, uncollected social security and Medicare tax or RRTA tax on tips or group-term life insurance, excise tax on excess golden parachute payments, look-back interest due under section 167(g) or 460(b), excise tax on insider stock compensation from an expatriated corporation, or additional tax on advance payments of health coverage tax credit when not eligible. These taxes are not required to be paid until the due date of your income tax return (not including extensions).

Recapture of first-time homebuyer credit. If you purchased a home in 2008 and claimed the first-time homebuyer credit, repayment of that credit began with your 2010 tax return and will continue until the credit is fully repaid. If the home ceases to be your main home, then the unpaid balance of the credit is to be repaid on the return for the year when the home is no longer your main home.

If you purchased a home in 2009 or 2010 and claimed the first-time homebuyer credit, you must maintain that home as your main home for at least 36 months to avoid having to repay the credit.

For details about repaying either of these credits, see the Instructions for Form 5405.

Line 17b. Prior year's tax. Enter the 2010 tax you figure according to the instructions on page 4 unless you meet one of the following exceptions.

- If the adjusted gross income shown on your 2010 return is more than \$150,000 (\$75,000 if you will file as married filing separately (see the definition on page 1) for 2011), enter 110% of your 2010 tax as figured on page 4.

Note. This does not apply to farmers or fishermen.

- If you filed as married filing jointly for 2010, but you will not file a joint return for 2011 (for example, because you are a nonresident alien who does not elect to be treated as a U.S. resident (see Pub. 519)), see Pub. 505, chapter 4, *General Rule*, to figure your share of the 2010 tax to enter on line 17b.
- If you did not file a return for 2010 or your 2010 tax year was less than 12 full months, do not complete line 17b. Instead, enter the amount from line 17a on line 17c.

Figuring your 2010 tax. Use the following instructions to figure your 2010 tax.

1. **Form 1040NR**—The tax shown on your 2010 Form 1040NR is the amount on line 59 **reduced** by:

- Unreported social security and Medicare tax or RRTA tax from Form 1040NR, line 55.
- Any tax included on line 56 on excess contributions to IRAs, Archer MSAs, Coverdell education savings accounts, and health savings accounts, or

on excess accumulations in qualified retirement plans.

c. Write-in amounts on line 59 as listed under *Exception 2* on page 3.

d. Any refundable credit amounts listed on lines 62 and 65, and credits from Forms 8801, 8839, and 8885 included on line 66.

2. **Form 1040NR-EZ**—The tax shown on your 2010 Form 1040NR-EZ is the amount on line 15.

2011 Tax Rate Schedules

Caution: Do not use these Tax Rate Schedules to figure your 2010 taxes. Use only to figure your 2011 estimated taxes.

Privacy Act and Paperwork Reduction Act Notice.

We ask for tax return information to carry out the tax laws of the United States. We need it to figure and collect the right amount of tax.

Our legal right to ask for information is Internal Revenue Code sections 6001, 6011, and 6012(a) and their regulations. They say that you must file a return or statement with us for any tax for which you are liable. Your response is mandatory under these sections. Code section 6109 and its regulations say that you must provide your taxpayer identification number on what you file. This is so we know who you are, and can process your return and other papers.

You are not required to provide the information requested on a form that is subject to the Paperwork Reduction Act unless the form displays a valid OMB control number. Books or records relating to a form or its instructions must be

retained as long as their contents may become material in the administration of any Internal Revenue law. Generally, tax returns and return information are confidential, as stated in Code section 6103.

We may disclose the information to the Department of Justice and to other federal agencies, as provided by law. We may disclose it to cities, states, the District of Columbia, and U.S. commonwealths or possessions to carry out their tax laws. We may also disclose this information to other countries under a tax treaty, to federal and state agencies to enforce federal nontax criminal laws, or to federal law enforcement and intelligence agencies to combat terrorism.

If you do not file a return, do not give the information asked for, or give fraudulent information, you may be charged penalties and be subject to criminal prosecution.

Please keep this notice with your records. It may help you if we ask you for other information. If you have any questions about the rules for filing and giving information, please call or visit any Internal Revenue Service office.

The average time and expenses required to complete and file this form will vary depending on individual circumstances. For the estimated averages, see the instructions for your income tax return.

If you have suggestions for making this package simpler, we would be happy to hear from you. See the instructions for your income tax return.
